

Termini™ Stand

DEFA Termini™ Stand is sold separately and can be used together with all Termini™ interior heaters.

The hoop (A) of the DEFA Termini™ Stand is placed on a flat and stable place under the mat, where warm air from the interior heater is blown freely into the passenger compartment.

DEFA AS is conforming to the requirements of both ISO 9001-2008, ISO 14001:2004 and OHSAS 18001:2007. In addition to this, our engine heaters and cables are conforming to the requirements of ISO/TS 16949:2002.

Item number

430100

Part of

DEFA Termini™ Stand is delivered as single product only.

- ⚠ DEFA Termini™ Stand is designed for DEFA Termini™ interior heaters, and must not be used on any other heaters.
- ⚠ Termini™ Stand shall never be used on the driver's side of the car.
- ⚠ Make sure the interior heater is not soiled, or that liquid/foreign material reaches into the appliance.
- ⚠ Ensure that the interior heater's openings (intake and exhaust) are not blocked. Make sure that there is minimum 300mm free distance where warm air from the unit blows out.
- ⚠ Never drive with loose objects in the car.
- ⚠ Make sure that the floor mats and other things do not come into contact with the interior heater.
